SUBJECT: IDC5 60% loading Issue

Dear Dealer,

According to the continuous developments which TEXA performs to improve the products quality and ensure the IDC5 compatibility, we are going to release a manual patch which will fix the IDC5 60% loading issue.

Please note this kind of problem is due to the continue updates which Microsoft release and only affects the IDC5 old versions.

If the IDC5 is updated to the last release, the problem won't occur.

In case you are experiencing the 60% loading issue, please proceed as follows:

- Download the **Patch_Fix_block_60.exe** from here:

http://dnl2.texa.com/TEXA/IDC5/PATCH/Patch_Fix_block_60.exe

MD5: 109DFCDB3AA23CA8FC4009176328FC76

- Close IDC5
- Manually run the patch
- The setup will automatically detect all the IDC5 environments, and will patch the following software versions:
